Hyderabad, Telangana | 9967570182 | vishnuthecoder@gmail.com | [LinkedIn Profile](#)

---

## Summary

Results-driven Front-End Developer with **4.5+ years** of experience in designing, developing, and deploying scalable web applications. Expertise in **JavaScript, React, Next.js**, and **Angular**, with a track record of increasing page performance by up to **70%**. Skilled in mentoring teams and implementing best coding practices to deliver high-quality, user-friendly solutions.

---

## Education

### Master of Computer Applications (MCA)

**SASTRA University** | 8.88 CGPA | February 2024

- Balanced academics with professional responsibilities, achieving a **top 5% class rank**.
- Applied theoretical knowledge to practical projects, enhancing skills in algorithms and software design.

### Bachelor of Vocation in Software Development

**Jai Hind College** | 9.64 CGPA | March 2019

- Secured scholarships for **three consecutive years**, maintaining **top 1% ranking**.
  - Organized technical events with participation of over **300+ students**, fostering collaboration and technical growth.
-

# Experience

## Software Engineer

**Zenoti** | Hyderabad, Telangana | August 2023 – Present

- Enhanced page load times by **70%**, achieving a **Google Lighthouse score of 95+**, through optimized DOM rendering and deferred JavaScript calls.
- Built a **library of 10+ reusable JavaScript components**, reducing development time by **25%** across multiple projects.
- Resolved **30+ critical client-reported issues**, ensuring a **85% client satisfaction rate** through timely and effective problem resolution.
- Integrated and updated third-party libraries, reducing OSS risks by **50%** and ensuring **100% compatibility**.
- Conducted **5+ mentoring sessions**, improving team productivity and knowledge sharing.

## Full Stack Developer

**Meraai** | Bengaluru, Karnataka | January 2023 – March 2023

- Delivered a Progressive Web Application with **100% responsiveness** using **React.js, Next.js**, and **Material-UI**.
- Improved APIs with Unit tests that reduced testing efforts by **75%** in Spring Boot.
- Understood CI/CD pipeline principles, reducing deployment errors by **10%**.

## Developer & Code Expert

**Tata Consultancy Services (TCS)** | Mumbai, Maharashtra | February 2020 – January 2023

- Migrated legacy front-end systems from **Struts/JSP** to **React.js**, reducing development time by **30%** with the help of design patterns.
- Developed reusable front-end components, increasing code maintainability by **40%**.
- Improved bank officials' workflow efficiency by **30%**, enhancing user productivity and reducing downtime.

---

## Technical Skills

- **Languages & Frameworks:** JavaScript, React.js, Angular, Next.js, Spring Boot, .NET MVC, TypeScript
- **Database Technologies:** SQL Server, Prisma, MongoDB

- **Styling & Tools:** CSS, Tailwind, Material-UI, Swagger
  - **Other Tools:** NGRX, NextAuth
- 

## Projects

### Twitch Clone

**Technologies:** Next.js, CockroachDB, Clerk, Livekit

- Built a Twitch-inspired platform, with **95% SEO optimization score**.  
[GitHub Repo](#) | [Live Demo](#)

### JogTracker

**Technologies:** Spring Boot, Swagger, MySQL

- Developed a backend app to track jogging data for **100+ users**, with **role-based access** and user management.  
[GitHub Repo](#)

### Netflix Clone

**Technologies:** Next.js, MongoDB, NextAuth, Prisma

- Designed a Netflix-inspired web app with **user authentication** and **100% uptime**.
